

About Us

Palliative Manitoba is a registered charity that is keenly focused on improving living until the end of life.

Our programs and services are aimed at supporting individuals and their families through the grief process, during telephone conversations, support groups, in grief seminars and via monthly bereavement messages.

Our educational services include training for volunteers, support workers, health care aides and the general public. Palliative Manitoba has expanded our education component to rural communities by offering sessions on bereavement support.

Palliative Manitoba aims to enhance the profile and understanding of palliative care in the province. We identify gaps in knowledge and services and set out to fill them.

Mission Statement

To promote effective, compassionate care for all Manitobans touched by any life-threatening condition, or bereavement, and to provide services and education that are complementary to the formal health care system.

Vision Statement

The vision of Palliative Manitoba is that all Manitobans experiencing a life-threatening condition live well until the end of life, and that those around them are cared for in the process.
