

# Warm Memories Scarf

By Valerie Paulley

Loss of a loved one is always difficult. Support for children and teens experiencing grief after a death is important. Giving a handknit scarf can be a tangible reminder that grief is shared and that they are not alone. This “Warm Memories” scarf is designed for those who wish to provide scarves for local organizations that provide grief support to kids and teens. It’s a way to recognize their grief and let them know others care for them at a difficult time. Resources and links to support services near you are available at [www.kidsgrief.ca](http://www.kidsgrief.ca).
