Palliative Manitoba is a registered charity focused on easing the suffering of the dying and the bereaved. Serving as a vital resource for individuals, families and caregivers, Palliative Manitoba provides programs, services, education and information to lessen the stress at end of life. We partner with agencies and health care providers throughout the province and speak in support of universal access to quality palliative care.

Palliative Manitoba also aims to enhance the profile and understanding of palliative care in the province. We identify gaps in knowledge and services and seek ways to address them.
